Training courses that cater to your pace and needs

Completion certification

Get acknowledged for your time and effort whenever you finish a course and share your certifications on any social platform, no matter how simple or complex the course is.

Interactive courses

Master skills through intuitive, hands-on exercises in simulated environments and engaging multimedia lessons, designed for users of all experience levels.

Easy to understand

Each lesson was carefully designed to remove all jargon to be as informative yet as easy to understand as possible.

Multi-lingual

In addition to English, our courses now offer Vietnamese and Chinese. We are committed to translating our courses to reach a larger audience and serve a wider network of learners.

Fast & convenient

Save time and learn everything about a solution from A-Z with our comprehensive courses!

Life-long learning

Courses are frequently updated to keep up with the latest solution releases.

Cost-effective

TRG Academy offers fixed and predictable payments without friction, ensuring your learning never gets disturbed.

Custom reports

Request custom reports to track team progress, compare group completion rates, or analyse specific groups.

Custom courses

Need help finding what you need? Consult with us to develop tailored training plans and courses for your organisation.
